EDUCATION

Degree	Institute/Board	CGPA/Percentage	Year
Bachelor of Technology	Indian Institute of Technology, Ropar	7.3(Till 6th Sem)	2022-2026
Senior Secondary	Central Board of Secondary Education	93.4%	2021
Secondary	Central Board of Secondary Education	93.4%	2019

EXPERIENCE

• VK Publications

May 2025 - July 2025

Intern

Faridabad

- Collaborated on a website project aimed at increasing engagement among students, teachers, guardians, and administrators.
- Reviewed and proofread academic content to ensure accuracy, clarity, and consistency.
- Performed error correction, question validation, and cross-referencing using AVLR standards.

PROJECTS

– SportEve

March 2025 - May 2025

Development Engineering Project: Flutter, dart, Node.js, Express, MongoDB

GitHub

- * This project consists of organizing Events
- * It is an app based project which includes event updates, event addition, event deletion, team creation
- * It also includes commentary for the ongoing matches, handling scorecard, standings for different types of Sports
- * This app also have the regular app features like login, signup, profile and edit profile, gallery, viewing all players and events, favourites, changing and forgot password, alternative email, delete account, gallery

– VK WebPortal

May 2025 - July 2025

Internship: Node.js, Express.js, MongoDB, React (Next.js), Tailwind CSS

GitHub

- * Developed a full-stack web portal for interaction between students, teachers and guardians
- * Manage users and track screen time and session time of all users
- * Built modules for user authentication using JWT Token (login, signup, password reset, alternative email), profile management, and account deletion and a lot of settings options
- * Designed interactive dashboards for different user roles (admins, teachers, students, guardians) with discussion forums, quizzes, notification systems and announcements

– Intelligent Floor Plan Management

October 2024 - October 2024

Data Structures and Algorithms(C): Struct, Files, Strings, Maps

GitHub

- * This project consists of arranging available rooms
- * It includes registration of users who needs rooms for meetings or classes
- * It also includes admins who create rooms
- * Rooms have their capacity and availability attached with them

– Mini Cricket Game

June 2022 - July 2022

Data Structures and Algorithms(C): Queue, 2D Arrays

GitHub

- * This project consists of a cricket game
- * It includes a tournament with n teams divided into two groups with equal number of teams in each group
- * It provides the facility to select a team of user and play its all matches completely or Autoplay in between
- * The other teams matches will be played automatically

– Suduko Solver

Mar 2024 - Apr 2024

Data Structures and Algorithms(C): Recursion/Backtracking

GitHub

- * This project is to solve a given suduko(9x9)
- * It uses Recursion/Backtracking
- * It tells that a given suduko grid can be solved or not

– Path Finder

June 2024 - July 2024

Data Structures and Algorithms(C): Linked List, 2D Arrays, Queue, Stack

GitHub

- * This project was related to find the path in a (n x m) grid
- * Path will be from a source node to target node with some cells obstructed in the grid
- * It consists of visited 2D array and an queue which stores the current cell and it's neighbour cells
- * If a cell has been visited and its all neighbours has been included in the queue then that current cell is marked as visited in the 2D array

– RISC V Assembler

Mar 2023 - Apr 2023

C++, Syntax and lexical analysis is used

GitHub

- * This project consist of converting assembly code into machine code
- * Regular expressions are created to check syntax
- * It handles all instruction except psuedo instructions

TECHNICAL SKILLS

- Programming Languages: C/C++
- Other Programming Languages :Basic knowledge of Python,Java,Postgresql
- Low Level Language: RISC V Assembly

KEY COURSES TAKEN

- CSE & Maths: Algorithm & Data Structure, Digital Logic & Design, Computer Architecture, Programming paradigms and pragmatics, Discrete Math, Linear Algebra, Differential Equations, Vector Algebra, Probability and Statistics, Database, Software Engineering, Operating Systems, Theory of Computation, Computer Networks
- Economics, Physics, Chemistry, History of Technology, Signal and Systems, Basic Electronics, Industrial Management:

POSITIONS OF RESPONSIBILITY

- Member:,Techno School Program(TSP), Advitya, Technical fest Feb 2023 - Mar 2023

MISCELLANEOUS

- Achievement 1,Head Boy of School 2018
- Achievement 2,Codechef rating- 1440 2022 2024
- Achievement 3,Codeforces highest rating- 950 2022 2024
- Achievement 4,Played Cricket in IYSC in 1st, 2nd year, 3rd year 2022 & 2023 & 2024
- Achievement 5,Secure AIR - 4394 in JEE-Advance 2022
